

Low-Drift Nozzle

**BUBBLER PAD
& LDN WEIGHT**

An LDN equipped with the new weight and bubbler pad delivers water directly to the furrow in a gentle, aerated pattern.

New LDN Weight

- Slip over design for easy installation
- Available in 3/4 lb. and 1 lb. sizes
(a 3/4 lb. LDN weight is as effective as a 2 lb. polyethylene weight at counteracting wind)
- Lower position on drop for better stability
- Less stress on flexible drops

New LDN Bubbler Pad

- Aerated pattern gently deposits water, minimizing soil redistribution
- When used in conjunction with LEPA water management practices, can provide over 98% water application efficiency
- 10 gpm maximum flow rate
- **Requires LDN Weight for proper operation**

Standard
LDN
